

When Bureaucrats Choose... Medicare Patients Lose.

Tell Congressman Pat Meehan to Continue His Fight to Protect Your Medicare

Stop Harmful Medicare Experiment

Congressman Meehan is working to stop imminent harmful changes to Medicare Part B that threaten access to doctors' services and outpatient care. Passage of H.R. 5122 will block implementation of this experimental policy, saving seniors from cuts to their Medicare benefits.

Prevent Bureaucrats from Cutting Your Medicare

The Independent Payment Advisory Board is a panel of unaccountable bureaucrats that may soon control your Medicare benefits. H.R. 1190, the Protecting Seniors' Access to Medicare Act, blocks these bureaucrats from dictating your care. We need Congressman Meehan's continued support to repeal this bureaucratic board, keeping Congress in control of Medicare spending. As Congress finishes its legislative work, we need to encourage final action to stop these threats to Medicare.
