**WHAT'S THE TOP PRIORITY OF THE  
NEW LEADERSHIP IN CONGRESS?**

# Fighting for the Conservative Principles that Keep America Strong.

## Congressman Barry Loudermilk is Working with the New Leadership in Congress.

The new leadership in the House of Representatives is set to make conservative solutions a reality to get our country back on track.

Congressman Barry Loudermilk is a leader in this effort, working to tackle our national debt, fight Obamacare and keep America safe.

### REINING IN RUNAWAY SPENDING

Under conservative leadership, Congress has reduced the federal deficit by 60 percent – nearly \$800 billion.

Now Congressman Loudermilk is working to balance our budget, protecting future generations from crushing national debt.

### FIGHTING FOR YOUR HEALTH CARE

Under conservative leadership, Congress is standing up to protect seniors' health care. Congressman Loudermilk is working to repeal Obamacare, with its \$700 billion in Medicare cuts and new board of unelected bureaucrats that will endanger seniors' ability to see their doctors and get the treatments they need. Congressman Loudermilk is also fighting against increases in Medicare Part D prescription drug premiums and out-of-pocket costs.

### KEEPING AMERICA SAFE

Under conservative leadership, Congress is providing the equipment our troops need and the funding they deserve, including a pay-raise for military members.

Now Congressman Barry Loudermilk is working to bolster the fight against ISIS and other forces of terror that threaten our homeland.

With new congressional leadership, Congressman Barry Loudermilk and House conservatives are in a position to bring the country together around conservative solutions that will help create jobs in a stronger America.
